

EXTENSOMETERS

for every application

RMT offers a wide range of extensometers from the simple to the “state-of-the-art”.

Applications range from simple visual safety devices to detailed rock deformation profiles.

Advice, installation and monitoring services are available.

- **Convergence** - convergence poles, Tell-tales (visual indicators)
- **Multi-wire** - simple multi-point borehole devices
- **Remote reading** - up to 8 point, spring-loaded wires, with data-logging
- **Resistance wire** - high accuracy, sealed bays, strain gauge output
- **Magnetic switch** - extended lengths, multi-point
- **“Magnesonic”** - high accuracy 20-point, Intrinsically Safe
